Whitehouse Infrastructure

AECOMs infrastructure design team are currently working on the design for the Earth Dam Reservoir within Whitehouse which will provide the Storm Water attenuation for the next phases of development.

Ecology

As Spring approaches, we are about to begin our annual Ecological Surveys across the development to ensure we have up to date information on habitat and species populations.

*Hello! My name is Josan,
I am the Community
Mobiliser for the Expansion
areas, covering Whitehouse
and Fairfields in the West.*

Archaeology

Border Archaeology have uncovered significant archaeological remains in the vicinity of Common Farm over the past six months. Their excavation works have revealed significant evidence of Iron Age settlement together with important evidence for long term Romano-British occupation. Works are continuing in this area.

If you are a resident in these areas I can help you by:

- Answering your questions about plans for the area
- Helping you to meet your neighbours
- Supporting you to get more involved in your community

Call me on **07738 405371**, email me at josan@communityactionmk.org or join me on Facebook.

New Communities Fund

Would you like some funding to help get a community project started? You can apply for upwards of £300 to help start and develop activities and projects which benefits residents living in Whitehouse and Fairfields.

Apply via the [MK Community Foundation](#)
